Thanks to All

As the 2007-2008 skating season comes to a close, I want to pause and say thank you to the many stakeholders that make this club a success. I am ending a two year run as President and the experience and memories are invaluable. We members have pulled together and created a good club experience and our support group pitched in with more positive involvement every year.

Creating a good club experience for the members is no different than a skater's program. It takes a plan, dedication, persistence, execution and unfailing enthusiasm. The strength of execution comes from the members, the Board of Governors, the parents and families, the many stakeholders in our sport and the community support including the sponsors. "We" collectively made a difference over the past two years.

The legacy and tradition of a great club lives on through the actions of the present member body. We are taking the time during a 70th Anniversary Platinum Jubilee year to remember the past, but the past is the keel of this ship. It provides a certain steadiness as we navigate the currents of change in the present era. The future is built on that experience and it will be dependant upon the members going forward. I can only hope for the same inspirational group of people carrying the torch forward and making great memories over the years for all involved. This is a life-time sport for involvement at every level. Please enjoy the time and make it meaningful. Again, thanks for the successes and the memories.

John
